**Based on 2022-23 Attainment Estimates*

Based on this it is therefore difficult to make direct, like for like, comparisons between HRCS results and National Averages.

Land-Based Courses
The specialism of the school focuses on Land-Based courses including; Agriculture, Horticulture and Countryside Management. The school has continued to teach these but with limited facilities, due to the Educational Administration of Hadlow College.

Whilst these courses are included within students' individual results for the purposes of progression, they are not included within the headline measures for the school.

Cohort Size
HRCS is a small school with the Pupil Admission Number (PAN) for each Year group typically set at 75. The 2022-23 cohort had 69 students on roll at the time of the October 2022 census. Therefore, each students accounts for 1.45% when considering threshold measures ie GCSE 9-5 and 9-4 English & Maths results.

Gender
The gender split for the cohort was a 67:33 Male to Female ratio.

SEN
The Year 11 cohort had a high level of students with Educational Health Care Plans (14%) compared to the National Average (2.4%) and 30.5% receiving SEN Support. 8.5% of students also received additional High Needs Funding.

Mobility
Mobility is defined as: 'a child joining or leaving school at a point other than the normal age in which children start or finish their education at that school'

The school experienced a high degree of mobility from Year 7 to Year 11. 10% of the Year 11 cohort arriving outside of the September 2018 admission point, with half of these students (5%) joining HRCS part way through Key stage 4.

To help provide a greater understanding of the school performance, further results data and comparisons have been provided to account for some of the factors described above.
