HADLOW RURAL COMMUNITY SCHOOL

2023-24 Exam Results

Context

Attainment on Entry:
The average scaled score for this cohort was 100.9, well below the Kent and National averages of 104.8 and 104 respectively.

Based on this it is therefore difficult to make direct, like for like, comparisons between HRCS attainment results and National or Kent Averages.

Starting Point	KS2
National Average	104
Kent Average	104.8
HRCS	100.9

Attainment 8	Overall	English	Maths	EBacc	Open
National Average	45.9	9.8	9.1	13.4	13.5
Kent Average	47	10.0	9.3	13.8	13.9
HRCS Estimate*	40.9	9.00	7.75	11.36	11.98
FFT Estimate	40	8.6	7.6	8.2	8.6

**Based on 2023-24 Attainment Estimates*

Land-Based Courses
The specialism of the school focuses on Land-Based courses including Agriculture, Horticulture and Countryside Management. The school has continued to teach these but with limited facilities, due to the Educational Administration of Hadlow College.

These courses represent the equivalent of two GCSE's and whilst they serve the local community and enable students to progress to Further Education, they are not included within the headline measures for the school.

Cohort Size
HRCS is a small school with the Pupil Admission Number (PAN) for each Year group typically set at 75. Calculations for the 2023-24 cohort included 60 students on roll at the time of the January 2024 census. Therefore, each student accounts for 1.66% when considering threshold measures ie GCSE 9-5 and 9-4 English & Maths results.

Gender
The gender split for the cohort was a 56:44 Male to Female ratio.

SEN
The Year 11 cohort had a high level of students with Educational Health Care Plans, 6.8% compared to the National Average of 2.4% and 30.5% receiving SEN Support. 8.5% of students also received additional High Needs Funding.

Mobility
This cohort experienced a high degree of mobility with only 60% of students admitted in Year 7 2019 completing in Year 11 and 13% of the final cohort arriving within KS3 and 7% within in KS4.

The school accepted 3 students late in KS4, all of which were highly vulnerable, the outcomes for these students dramatically affects headline measures outcomes as can be seen from the Non-mobile published figures.

To help provide a greater understanding of the school performance, further results data and comparisons have been provided to account for some of the factors described above.
