
The purpose of Enrichment

The intent of Enrichment is to provide extra-curricular activities to all.

It's an opportunity for you to engage in activities that you otherwise wouldn't experience.

This could be a chance to deepen your knowledge of a subject or even step out of your comfort zone and try something completely new!

Enrichment Details

Pay close attention!

1. Everyone will choose two choices: a first and a second choice.

2. Depending on the option you choose, will depend on how long it runs for! Pay close attention to this when choosing.

3. Usually changes to your chosen group are not possible. This is because most clubs run to capacity so there are not always spaces for you to swap to. This means the choice you make now will be the group you are in until the course ends!
